GREENSAND RIDGE WEALDEN RUM

50cl | 40%

We lovingly distill our rum from cane molasses, the by-product of UK sugar refining. It is this tradition of using the molasses by-product like this which led us to create our own rum.

We ferment the molasses using non-traditional techniques to achieve a more honey floral flavour profile then classic rums. Aged in oak casks to develop the flavours and allow the spirit to mellow, it's a spirit to treasure

Greensand Ridge is an award-winning, carbon neutral distillery specialising in Gins, Rums and Fruit Brandies, making spirits with provenance, using sustainable practices and turning surplus produce from local growers into fine spirits.

TASTING NOTES & SERVES

Unmistakably a rum on the nose, smooth on the palate, but without the viscous mouthfeel of sugar-sweetened rums.

A delicate floral character with subtle tropical fruits, giving way to honeycomb and roast cobnuts on the palate. An elegant finish with raisin and oak and a sweet, clean mouthfeel.

PURIST

STRAIGHT UP

With or without ice, it's gorgeous by itself.

LONG
