**Blueberry Gin**  
43% abv

Inspired by the health qualities of this timeless fruit and dreaming of holidays with clear blue seas and skies, Blueberry Harrogate Gin was born. Sweet handpicked Blueberries are distilled with delicate botanicals and finished exclusively with Harrogate Spring Water. Cornflower Petals give this Gin its beautifully unique and subtle blue hue.

This has been lovingly created in a classic way by fusing traditional processes with a modern twist and unique approach. This multi award winning gin celebrates the infusion of fresh local botanicals picked from the Castle Gardens which include Lavender, Coriander and Pink Grapefruit with Harrogate Spring Water. A true Classic Smooth Tasting Gin.

**Gooseberry Gin**  
43% abv

Inspired by the Historical Estate surrounding us we have created a beautifully balanced British Gin of exceptional quality with sweet floral notes. Traditional Yorkshire Gooseberries are handpicked from our very own gooseberry bush. They are then distilled with delicate botanicals including lavender and finished exclusively with Harrogate Spring Water. Garden Sorrel Roots help give our Gin its wonderful character and unique green hue.

*We are a small batch, family run distillery based in the beautiful and historical Ripley Castle Estate in Harrogate, North Yorkshire. We are passionate about our products and the environment, which is why we strive to keep everything as local as possible. Our botanicals are grown in the 750 year old gardens within the castle walls.*

*Our Award Winning Gins are expertly made by our Master Distiller, Tom Nichol who's experience in the gin industry amasses over 42 years. Our two silver Awards at the IWSC certainly cemented our credentials as a worthy premium gin. Tom has created many world famous drinks in his time such as Tanqueray 10. Every drink he produces for Harrogate Tipple is handcrafted with extreme care and detail.*

*We make our drinks exclusively with 100% Harrogate Spring Water. This is evident in the clean, crisp and exceptionally smooth taste in all of our gins.*
